## **AARP Selects Town of Belvidere for a 2022 Community Challenge Grant**

*The grant will be used to create a safe and calming space on a busy road for walking and biking*

June 29, 2022 – Today, AARP New Jersey announced that the Town of Belvidere has been selected to receive a 2022 AARP Community Challenge grant, one of eight grantees chosen statewide.

The grant will be used to add an artistic bike lane, two bike racks, one bike repair station, and five stationary benches along a main road frequented by older adults. The bike lane will dually act as a traffic calming device to keep the community safe.

“On behalf of the Mayor and Town Council, we are surprised by, and immensely grateful to AARP for their generous grant which will help enrich the lives and wellbeing of our residents, most especially our older citizens,” said Council Representative, Joseph Roth.

This project is part of the largest group of grantees to date with \$3.4 million awarded among 260 organizations nationwide. Grantees will implement quick-action projects that help communities become more livable in the long-term by improving public places; transportation; housing; diversity, equity and inclusion; digital access; and civic engagement, with an emphasis on the needs of adults age 50 and over.

With this grantee class, AARP is bolstering its investment of affordable and adaptable housing solutions in response to the national housing crisis. With additional funding support from Toyota Motor North America, the program is also increasing its support of projects that improve mobility innovation and transportation options.

All projects are expected to be completed by November 30, 2022, and are designed to achieve one or more of the following outcomes:

- **Create vibrant public places** by improving open spaces and parks and activating main streets.
- **Deliver a range of transportation and mobility options** by increasing connectivity, walkability, bikeability, wayfinding, and access a wider range of transportation choices.

- **Encourage the availability of a range of housing** by increasing accessible and affordable housing solutions.
- **Ensure a focus on diversity and inclusion** while improving the built and social environment of a community.
- **Support communities’ efforts to build engagement and leverage funding** available under new federal programs through laws including the American Rescue Plan Act, the Infrastructure Investment and Jobs Act, and more
- **Increase Civic Engagement** with innovative and tangible projects that bring residents and local leaders together to address challenges and facilitate a greater sense of inclusion.
- **Other community improvements**, including Health Services, Community Development, and Coronavirus Pandemic Recovery.

“We are incredibly excited to support the Town of Belvidere as they work to make immediate improvements, encourage promising ideas and jumpstart long-term change,” shared AARP New Jersey State Director, Stephanie Hunsinger. “Our goal at AARP New Jersey is to support the efforts of our communities to be great places for people of all backgrounds, ages and abilities.”

The Community Challenge grant program is part of AARP’s nationwide Livable Communities initiative, which supports the efforts of cities, towns, neighborhoods and rural areas to become great places to live for people of all ages. Since 2017, AARP New Jersey has awarded eight grants through the program to nonprofit organizations and government entities across the state.
