

## **TOWN OF BELVIDERE LEAF COLLECTION**

**Leaf collection will begin the week of 10/17/22.**

**Please place leaf piles neatly along road edge and try and keep piles no more than 8 feet wide to help us expedite leaf collection. No brush or other debris is to be put into piles. Do not put piles on top of storm drains so as to allow water to flow unrestricted to drains when possible. Any piles with mixed debris will be left and will become the property owners' responsibility to remove. You can place leaves curbside until 12/2/22. After December 2nd, you can bag your leaves and call the DPW at [908-475-8232](tel:908-475-8232) for pick up. For Town of Belvidere residents only, we have a 30 Yard container for brush located at the Municipal Garage (234 Paul Street), Monday thru Friday 7AM to 3PM. No construction debris or bags allowed and no contractors are allowed to dump into the container. If you have any questions, please call the Municipal Garage at number listed above or email [jstout@belvidere-nj.org](mailto:jstout@belvidere-nj.org).**
